

# Evening Concerts in the Park

Discover or rediscover that wonderful past-time of sitting under big shade trees in the cool of the summer evening just to relax. What better way to let the stresses of the day drift away than to listen to the rich sounds of the big bands. Topeka is very fortunate to have three bands whose members are some of the best musicians in Northeast Kansas. Make it a weekly experience, every Sunday night, for the whole family. Bring a blanket and a picnic dinner, or sit on one of our benches... what a wonderful way to discover family time!
