

**CITY OF TOPEKA
UTILITIES FEES AND CHARGES SCHEDULE**

In accordance with Topeka Municipal Code Title 13, fees and charges for services provided shall be maintained in a schedule and shall be based on the financial cost to recover the cost of said service or to secure the City from financial loss. This schedule serves as a listing of all fees and charges assessed by the combined utilities. All fees and charges relevant to the Water Division will be approved by the City Manager and maintained by the Water Superintendent. All combined utility deposit amounts shall be established by the Water Superintendent. All fees and charges relevant to wastewater and stormwater will be maintained by the Water Pollution Control Superintendent. This Schedule excludes those utilities rates, surcharges, fees, and taxes set by the City Council, Shawnee County, or the State of Kansas.
